Gadsden State Community College
Medical Laboratory Technology Program
Admissions Ranking Sheet

Admission Year: _____ Rank: _____

Applicant Name: _____ A#_____ GPA: _____

Admission Requirements:

- Unconditional admission to the College
- Submission of Program's online application by midnight July 1 of the year of admission
- Submission of the following documents to the Admissions & Records Office by midnight July 1 of the year of admission:
  - All transcripts (official high school and college) or official GED scores
  - Official ACT scores with minimum composite score of 18
- Applicants must be at least 18 years of age.
- A minimum 2.50 GPA for required Medical Laboratory Technology general education courses (if multiple attempts, the highest grade will be used for determination)
- A minimum 2.50 high school GPA (for students without prior college work)
- Applicants must be eligible for placement into the following courses: MTH 100
- Applicants must be in good standing with the College
- Applicants must meet the **Essential Functions** required for Medical Technology students.

Essential Functions are the fundamental job duties and skills associated with a particular position. All students are required to read the Essential Functions identified for Medical Laboratory Technology and determine if they are capable of performing these functions with or without reasonable accommodation. Students must be able to:

- ✓ Lift 40 pounds
- ✓ Hear high and low frequency sounds within normal range with or without corrective devices
- ✓ See with 20-40 visual acuity with or without corrective lenses
- ✓ Feel veins and pulses
- ✓ Smell body and environmental odors
- ✓ Coordinate eye and hand movements
- ✓ Coordinate motor movements
- ✓ See different color spectrums
- ✓ Read, comprehend and write legibly in the English language
- ✓ Send and receive verbal messages in the English language and be able to respond appropriately
- ✓ Perform correctly simple mathematical computations
- ✓ Walk and transport equipment without assistance
- ✓ Reach and position overhead equipment used in the laboratory
- ✓ Be oriented to reality and not be mentally impaired by mind-altering substances

** The Americans with Disabilities Act requires colleges and universities to inform students of all performance expectations related to their job and school performance. In accordance with College policy, when requested, reasonable accommodations may be provided for individuals with disabilities.*

Ranking Scale
(53 points possible):

Points awarded for ENG 101 / ENG 102 / MTH 100 / BIO 103 / CHM 104
(if multiple attempts the highest grade will be used for point assignment)*:
A = 3 B = 2 C = 1 Below C = 0

One point will be awarded for each of the following courses completed with a "C" or better: PSY 200 / 3 credit hour Humanities elective

Cumulative ACT score (if multiple attempts the highest score will be used)

Course	Grade	Points Awarded
ENG 101		
ENG 102		
MTH 100		
BIO 103		
CHM 104		
ART/HUM		
PSY 200		
Cumulative ACT Score		
Total Points Awarded		

**If none of these college level courses have been taken, high school grades will be used. If any of these courses have a college grade, only that course will be used for point assignment.*
