Section 1: Policy Statement

Gadsden State Community College provides excellent indoor and outdoor facilities for the primary purpose of education and economic development. The College will make facilities available to community groups and organizations whenever possible within the context of College policies and procedures. Non-College facility users will be charged fees appropriate to the facilities used and the type of organization making the request. All rental rates and fees are subject to change.

In general, the College does not rent classrooms, computer labs, or conference rooms. Costs for additional services (including but not limited to security, custodial, maintenance, grounds, IT, and audiovisual) will be assessed, in addition to the facility usage fees, as appropriate to the activity. The College reserves the right to determine which, if any, of the additional services and the costs incurred are appropriate. Organizations will be advised of total charges following review of the official Facility Use Request Application and will be required to complete the facility use agreement.

All required security services must be provided through the College's Office of Safety and Security at the rate of \$25.00 per hour per officer. For all events, a minimum of one security officer shall be employed; additional officers may be required according to expected attendance or event. Security will be required from time of entering facility until final clean-up is performed. All rentals require security to be provided for a three-hour minimum.

A clean-up fee of \$35 per hour per person will be estimated and charged before the event.

- 7. Use of Additional Security Personnel at Gadsden State Cherokee.** At least one GSCC Security Officer must attend all events scheduled at a GSCC facility. The policies and guidelines promulgated by the Alabama Community College System Board of Trustees will prevail in all facility use issues.

It is the decision of the Facilities Coordinator/Booking Manager with GSCC Security to determine how many security officers are needed based on size, timing, nature, number of attendees, age of the attendees and other relevant factors for each event.

If additional officers are needed, two options are available:

- Option 1 – use additional College employees or contract officers at \$25 per hour with a three-hour minimum for each officer.
- Option 2 – use volunteer Alabama POST certified police officers or sheriff deputies in official uniform who have been approved by their supervisors to work an event and have agreed to serve as “security officers” to ensure the safety of all attendees and protection of College property.

Procedures for Option 2

1. Additional officers or deputies must sign an agreement to attend and remain at the event from the time of entering the facility until the exit of **all** participants from the facility.
2. The date and hours of security services must be mutually agreed upon by all parties.
3. Officers must be clearly identified by official uniform and badge.
4. Officers must check-in with the GSCC Security Officer at least 15 minutes before the start time for the event for a short briefing of required College safety procedures and policies (e.g., accident forms, emergency exits, etc.).
5. GSCC Security Officers have official and final authority in all decisions related to incidents at the College and its facilities.
6. Substitution of qualified personnel is readily permitted if written notification is made the day PRIOR to a scheduled event and approved.
7. If additional officers are not available or do not show for a scheduled event, GSCC will make every effort to provide additional College employed officers to continue the event. However, failure of volunteer officers to arrive for an event may result in cancellation of the event for safety reasons.

Any concerns related to use of volunteer officers will be discussed by both parties and resolved in a manner that is mutually agreeable and in the best interest of the community partners and the College.
