***President's
Welcome
to
Gadsden State
Community
College***

One of our ***Cardinal Values*** speaks best to who we are at GSCC...“a distinguished college, supported by accomplished personnel, focused on graduating exemplary students who will make an exceptional difference in our world.” We appreciate the students who choose GSCC because in doing so they grant us the privilege of being an intimate part of their learning and career preparation.

As we seek to meet our students where they are in order to take them where they need to be in their learning and preparation, GSCC focuses on institutional effectiveness, best practices and optimal utilization of human and fiscal resources. Our FACT BOOK gives a review of our commitment and work toward these goals. We are proud of our successes and acknowledge our ongoing commitment to doing the work of our College even better with the help and support of our colleagues, students and communities. We express gratitude to all who support GSCC!

Mission Statement

Gadsden State Community College prepares students from all backgrounds for success through quality education, innovative workforce development, and inclusive community and global engagement.

Vision Statement

Gadsden State — Empowering students to succeed in a global environment

Cardinal Values

STUDENT CENTRIC

We have a primary focus on our students and will ensure they have a positive collegiate experience and are prepared for career success.

COMMITMENT TO LEARNING

We are lifelong learners acquiring knowledge and skills and seeking opportunities to collaborate as we grow and contribute to the greater good of all.

INTEGRITY

We will adhere to moral and ethical principles because character matters.

CUSTOMER SERVICE

We will respect, support and assist our students and colleagues as we all learn and grow together.

EXCELLENCE

We are a distinguished college, supported by accomplished personnel, focused on graduating exemplary students who will make an exceptional difference in our world.

Institutional Goals

1. Provide educational opportunities that prepare students for successful careers in professional and career technical fields in an increasingly global environment.
2. Prepare students with foundational knowledge of general education core requirements.
3. Strategically align educational offerings with market demands.
4. Maintain and expand a broad range of innovative technologies in the delivery of traditional and distance learning programs, and student services.
5. Offer adult education, continuing education, and skills training programs to improve competencies, attain personal/professional goals, and promote career/college readiness.
6. Foster partnerships to respond to the needs of the community and stimulate economic and workforce development.
7. Enhance student development and success through programs of faculty advising and academic support.
8. Ensure a culture of inclusion.

History of Gadsden State Community College

Gadsden State Community College is a public, open-door comprehensive community college under the control of the Alabama Community College System. From 1925 to present, various institutions have merged to form the College as it exists today.

Founded in 1925, the **Alabama School of Trades** was the first state-operated trade school in the southern United States. In 1973, the name was changed to Alabama Technical College, and it is currently identified as the East Broad Campus of Gadsden State Community College.

The **Gadsden Vocational Trade School** began in 1960. In 1962, the State of Alabama assumed ownership of the school, and in 1972, it was renamed Gadsden State Technical Institute. The U.S. Department of Education designated this institution as a Historically Black College or University (HBCU) in 1997. It is now identified as the Valley Street Campus of Gadsden State Community College.

Gadsden State Junior College was established in 1965. It is presently identified as the Wallace Drive Campus of Gadsden State Community College.

The **Harry M. Ayers State Trade School** was created by an act of the Alabama Legislature on May 3, 1963. Later, in 1973, the Alabama State Board of Education designated the institution as a technical college. Harry M. Ayers State Technical College is now identified as the Harry M. Ayers Campus of Gadsden State Community College.

On February 28, 1985, the Alabama State Board of Education merged Alabama Technical College, Gadsden State Technical Institute, and Gadsden State Junior College. **Gadsden State Community College** was formed. On July 8, 2003, the Alabama State Board of Education merged Harry M. Ayers State Technical College and Gadsden State Community College.

In addition to these campuses, **Gadsden State Community College** operates Gadsden State Cherokee in Cherokee County.

The Alabama Community College System has designated as the College's service area the following counties: Calhoun, Cherokee (all but northern one-sixth), Cleburne, Etowah, and St. Clair (northeastern third).

Southern Association of Colleges and Schools Commission on Colleges Mission and Purpose

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) is the regional accrediting body for Gadsden State Community College (GSCC). SACSCOC defines its mission as:

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) is the regional body for the accreditation of degree-granting higher education institutions in the Southern states. The Commission's mission is the enhancement of education quality throughout the region and the improvement of the effectiveness of institutions by ensuring that they meet standards established by the higher education community that address the needs of society and students. It serves as the common denominator of shared values and practices among the diverse institutions in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, Latin America, and other international sites approved by SACSCOC that award associate, baccalaureate, master's, or doctoral degrees. SACSCOC also accepts applications from other international institutions of higher education.

Accreditation by SACSCOC signifies that the institution (1) has a mission appropriate to higher education, (2) has resources, programs, and services sufficient to accomplish and sustain that mission, and (3) maintains clearly specified educational objectives that are consistent with its mission and appropriate to the degrees it offers, and that indicate whether it is successful in achieving its stated objectives.

Southern Association of Colleges and Schools (2018). *Principles of Accreditation: Foundations for Quality Enhancement*. Southern Association of Colleges and Schools Commission on Colleges: Atlanta, GA, p. 3 <https://sacscoc.org/app/uploads/2019/08/2018PrinciplesOfAccreditation.pdf>

SACSCOC adheres to the following fundamental characteristics of accreditation:

- Participation in the accreditation process is voluntary and is an earned and renewable status.
- Member institutions develop, amend, and approve accreditation requirements.
- The process of accreditation is representative, responsive, and appropriate to the types of institutions accredited.
- Accreditation is a form of self-regulation.
- Accreditation requires institutional commitment and engagement.
- Accreditation is based upon a peer review process.
- Accreditation requires an institutional commitment to student learning and achievement.
- Accreditation acknowledges an institution's prerogative to articulate its mission, including a religious mission, within the recognized context of higher education and its responsibility to show that it is accomplishing its mission.
- Accreditation requires institutional commitment to the concept of quality enhancement through continuous assessment and improvement.
- Accreditation expects an institution to develop a balanced governing structure designed to promote institutional integrity, autonomy and flexibility of operation.
- Accreditation expects an institution to ensure that its programs are complemented by support structures and

**Strategic Plan
2020-2023**

FIRST CHOICE

We will strive to be the FIRST CHOICE in the communities we serve for higher education, workforce and community development.

LEARNING CENTERED

We will inspire a learning community that focuses on innovative education and encourages life-long learning.

YEARLY IMPACT

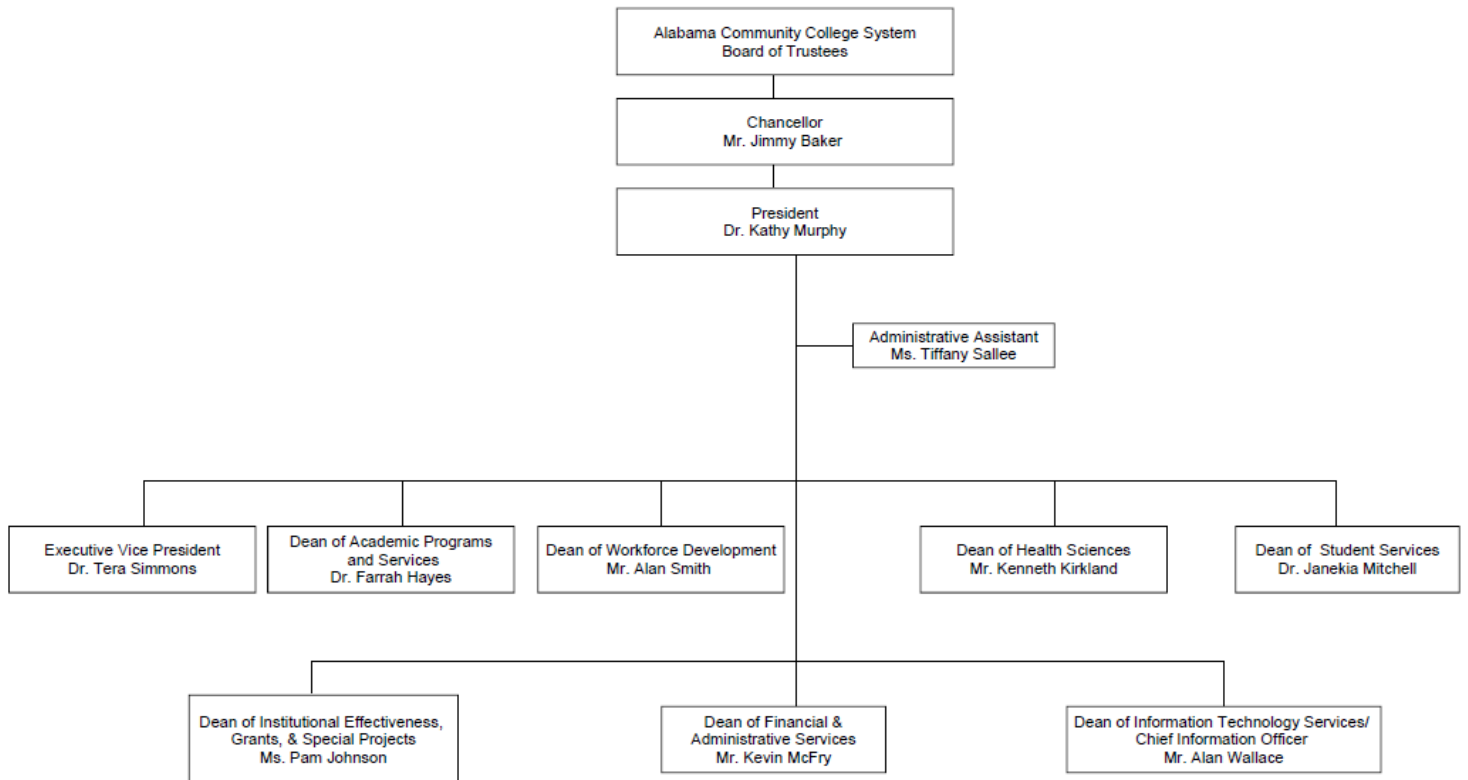

We will advance a performance-based culture built on data-informed continuous improvement.

Gadsden State Community College prepares students from all backgrounds for success through quality education, innovative workforce development, and inclusive community and global engagement.
